EDUCATION

- **Bachelor of Engineering in Artificial Intelligence and Machine Learning**
- K S Institute of Technology, Bangalore
- CGPA: 7.6 (up to 6th semester)
- Expected Graduation: March 2027
- **Pre-University (PCMC)**
- Christ Junior College, Bangalore

INTERNSHIPS

- **AI/ML Intern – Yuva Intern**
- Working on real-world AI/ML tasks and practical projects.
- Applying machine learning concepts to solve real-world problems and enhance skills.
- **Artificial Intelligence Intern – InAmigos Foundation**
- Selected for an Artificial Intelligence internship focused on practical AI-related work.
- Participating in assigned tasks, team meetings, and collaborative project activities.

PROJECTS

- **AI-Powered Women Safety Guardian**
- Developed a safety system using AI concepts to enhance women's security.
- Implemented an alert mechanism for emergency situations.
- Focused on real-world problem solving and user safety.
- **AI-Powered Browser Based Phishing URL Detection System**
- Built a browser-based system to detect phishing URLs using machine learning.
- Extracted and analyzed URL features for accurate classification.
- Focused on real-world cyber security and safe browsing.
- **IMDB Sentiment Analysis – NLP / Machine Learning**
- Built a sentiment classification model using the IMDB movie review dataset.
- Performed data preprocessing, exploratory analysis, and feature extraction.
- Achieved 88.68% accuracy on the test data using machine learning algorithms.

SKILLS

- **Programming:** Java, SQL
- **Tools:** Git, GitHub, VS Code, Power BI, Excel
- **Concepts:** Machine Learning, Deep Learning, NLP

CERTIFICATIONS

- **Power BI – Data Visualization**
- **Java Programming Course – Udemy**
- **Artificial Intelligence Masterclass – Novitech Learning Hub**

ACHIEVEMENTS

- NCC 'A' Certificate Holder
- Active member of NSS (National Service Scheme)
- Attended Multiple camps and leadership activities
