# TARUN S

**B.E in Artificial Intelligence & Machine Learning**

+91-8660268127 | tarun.s.2027@gmail.com | linkedin.com/in/tarun-s-aiml/ | github.com/tarun-s-aiml | https://tarun-portfolio1.vercel.app

## PROFESSIONAL SUMMARY

Final-year B.E. student specializing in Artificial Intelligence and Machine Learning, with hands-on experience in Python, Machine Learning and NLP. Experienced in building AI-driven applications, developing classification models, and implementing data-driven solutions. Passionate about applying technical skills to solve real-world problems.

## EDUCATION

**K S Institute of Technology, Bangalore**

B.E. in Artificial Intelligence and Machine Learning *Expected Graduation: March 2027*

**Christ Junior College, Bangalore**

Pre-University — PCMC (Physics, Chemistry, Mathematics, Computer Science)

## SKILLS

**Programming:** Python, SQL
**Tools:** Git, GitHub, VS Code, Power BI, Excel
**Concepts:** Machine Learning, Deep Learning, NLP
**Soft Skills:** Leadership , Teamwork, Communication, Problem-Solving

## KEY PROJECTS

**AI-Powered Women Safety Guardian |** Emergency Detection, Real-Time Alert Systems, Automated Notifications

- Developed an AI-powered safety application capable of detecting emergency situations and triggering real-time alerts**.**
- Implemented automated alert mechanism to notify predefined contacts during safety threats, enabling rapid incident response.

**AI-Powered Browser-Based Phishing URL Detection System |** Python, Machine Learning, Flask, Extensions

- Developed a machine learning-based classification system **to** identify URLs as phishing or legitimate in real time**.**
- Engineered and analyzed URL-based features to improve classification performance and strengthen phishing detection.

## INTERNSHIPS

**AI/ML Intern — Yuva Intern |** Remote, India

- Developed an NLP-based sentiment classification model using the IMDB movie review dataset, achieving 92.68% test accuracy.
- Performed data preprocessing, exploratory data analysis , and feature extraction to optimize model performance.

**Software Development Intern — Cognifyz IT Solutions |** Remote, India

- Developed Python projects, including CRUD task managers with file I/O persistence.
- Performed input validation and error handling for missing or corrupted data, and unit tests for core modules.

## CERTIFICATIONS

- **Power BI** — Simplilearn
- **Python Programming Course** — Udemy
- **Artificial Intelligence Masterclass** — Novitech Learning Hub
- **Data Analytics Specialist** — Yuva Intern

## ACHIEVEMENTS

- **NCC ‘A’ Certificate Holder**
- **Active member of NSS (National Service Scheme)**
- **Participated in multiple camps and leadership activities**
