PROFESSIONAL SUMMARY

B.E. student in Artificial Intelligence and Machine Learning with hands-on internship experience and a strong foundation in Machine Learning, Deep Learning, and NLP. Proficient in Java and SQL, with working knowledge of Git, GitHub, Power BI, Excel, and VS Code. Eager to apply technical knowledge to real-world problems and contribute to innovative AI/ML solutions.

EDUCATION

K S Institute of Technology, Bangalore

B.E. in Artificial Intelligence and Machine Learning — CGPA: 7.6 (through 6th semester) *Expected Graduation: March 2027*

Christ Junior College, Bangalore

Pre-University — PCMC (Physics, Chemistry, Mathematics, Computer Science)

SKILLS

Programming: Java,SQL
Tools: Git, GitHub, VS Code, Power BI, Excel
Concepts: Machine Learning, Deep Learning, NLP
Soft Skills: Leadership, Discipline, Teamwork, Communication, Problem-Solving

INTERNSHIPS

AI/ML Intern — Yuva Intern

- Developed an NLP-based sentiment classification model using the IMDB movie review dataset, achieving 88.68% test accuracy.
- Performed data preprocessing, exploratory data analysis (EDA), and feature extraction to optimize model performance.

Artificial Intelligence Intern — InAmigos Foundation

- Researched and evaluated AI tools such as ChatGPT , Microsoft Copilot, and Google Gemini, analyzing their practical applications across education, productivity, design, and communication.
- Analyzed real-world social-impact problems and proposed AI-based solutions for personalized learning, NGO operations, animal rescue, accessibility, and responsible AI awareness.

KEY PROJECTS

AI-Powered Women Safety Guardian

- Developed an AI-powered safety application capable of detecting emergency situations and triggering real-time alerts**.**
- Implemented an automated alert mechanism to notify predefined contacts during safety threats, enabling rapid incident response.

AI-Powered Browser-Based Phishing URL Detection System

- Developed a machine learning-based classification system **to identify URLs as** phishing or legitimate in real time**.**
- Engineered and analyzed URL-based features to improve classification performance and strengthen phishing detection.

CERTIFICATIONS

- **Power BI** — Simplilearn
- **Java Programming Course** — Udemy
- **Artificial Intelligence Masterclass** — Novitech Learning Hub
- **Data Analytics Specialist** — Yuva Intern

ACHIEVEMENTS

- **NCC 'A' Certificate Holder**
- **Active member of NSS (National Service Scheme)**
- **Participated in multiple camps and leadership activities**
